

LUCKY GROUP

LUCKY GROUP PORTFOLIO

Lucky Group is a family owned and operated metal recycling enterprise established in 1973 with its Global Headquarters in Dubai, United Arab Emirates. The Group has a network of legally and independently owned strategic business units sharing a common vision, business intelligence and more than four decades of experience. It consists of a network of modern recycling facilities, and international trading and liaison offices around the globe, spanning across the Middle East, Far East and The Americas. Lucky Group contributes to several industries in over forty countries worldwide through its diverse ferrous and non-ferrous product offerings.

Founder

Dilawar Shaban founded Lucky Group in 1973 and has since paved the road for its transformation into a multinational metal recycling business today. Through his leadership, vision and perseverance, Lucky Group has truly become a global success story. As the founder of the Group, he contributes to the business at a strategic level. He is known for his philanthropic ventures and is also involved with organizations that help build schools, hospitals, community centers and infrastructure for the less privileged.

Co-Founder

Iqbal Shaban is the co-founder of Lucky Group. He combines business acumen with passion and blends vision, discipline and integrity into a dynamic management style. He is instrumental in Lucky Group's journey from a single local business entity to a thriving multinational global organization. With his extensive experience and his flair for leadership, he continues to instigate a culture of efficiency and dedication in the companies, earning the trust and satisfaction of our clients.

Lucky Recycling Ltd - Profile

Lucky Recycling is a flagship unit of Lucky Group established in 1976 in Dubai, United Arab Emirates. It manages a network of modern recycling facilities in Dubai built on a total land size of over 350,000 square feet. The company procures non-ferrous metal recyclables from the MENASA region, systematically processes it at its own facilities and then exports the finished product to a diverse clientele around the globe. It is also affiliated with entities in the public, private and government sectors locally as well as internationally. Lucky Recycling continually strives to achieve the highest level of exceptional excellence in the industry.
